

I have been in the transportation industry for 23 years. I am currently the Director of Transportation at Splendorra ISD. My love for "The Big Yellow School Bus" began with Aldine ISD where I served as a Bus Monitor and Bus Driver. My son started kindergarten in 1996 and I wanted to work in the community where I lived so I transferred to Splendorra ISD. I have worked at Splendorra ISD as a Bus Driver, Substitute Bus Driver, and the Route Coordinator before I was honored with the position as the Director. I am a member of GCAPT, TAPT, NAPT and TASBO, and I am actively seeking my TAPT Transportation Official credentials. I have 3 children and 1 beautiful grandson. I am excited to be a part of an organization that encourages others to build relationships with other transportation individuals who are willing to give guidance to so many.
